

## **CHRISTINE L. WINN**

I am a member of the Quinault Nation and CEO of Quinault Nation Corporate Enterprises.

Improving health outcomes within Grays Harbor is important to me. The people who call Grays Harbor home deserve to have the healthiest environment possible with access to world class healthcare. This can only be achieved through an inclusive, comprehensive effort that prioritizes equity and utilizes evidence-based intervention methods to address the health needs of our community.

I look forward to serving Grays Harbor County residents over the next three years.
